THURSDAY, MAY 13th 1926

No. 19

For Fresh Fruits **The Hub** For Garden Seeds

We believe that the G. W. G. Overalls are equal to any overall on the market to-day. They are union-made, well shaped, on a good large roging pattern. They come in blue, black and striped cottonade.

The G. W. G. Shirts have a splendid reputation. All sizes, 14 1-2 to 18.

GLOVES — We have a very complete range of Acme Gloves, from \$1.00 to \$3.00 per pair. Look through this line.

SEEDS—Bulk Peas, Corn, Beans, Onion Setts per lb. 25c. Fresh Tomatoes, Lettuce, Cukes, Celery.

FARMERS!

We Want Your EGGS.
Phone 42

J. R. Miller

NOTE—Beginning on May 20th, stores will close on Thursday afternoon, but the following week they will be closed May 24th, but open on Thursday.

Obituary.

The funeral of Mrs. D. McEwen, whose death was announced in these columns last week, took place on Wednesday, May 5th, from the Mennonite church, where a service presided over by the Rev. Mr. Traub, was attended by a very large number of friends and acquaintances of the deceased.

Mrs. McEwen it may be recalled, gave birth to twin boys a couple of weeks ago, and from that event apparently she gradually weakened until death intervened.

In addition to a large number of both town and country residents, there were present at the funeral, Mr. and Mrs. McEwen from Elkton (parents of the bereaved husband), a brother, N. J. McEwen, together with his family from Delia. The mother of the deceased, Mrs. D. Armstrong, was also present with her family from Oskots, Mr. D. Armstrong with one son being away in Colorado. Other relatives included Mr. and Mrs. W. Armstrong from Beddington, Alta., Mr. and Mrs. J. Armstrong of Calgary, Mr. and Mrs. C. Armstrong of Hussar, Alta., Mrs. Currie and daughter and Mrs. McLaughlin and daughter, both of Carstairs.

Mrs. McEwen was born January 23rd, 1900, at Chesley, Ontario, and has lived at Didsbury about four years, her marriage to Mr. McEwen taking place on July 3rd of last year.

The deceased with her husband resided about six miles southwest of town, where her pleasing personality will be sadly missed by a great many, and where sympathy for the bereaved husband is deep and sincere.

Levagood attended church in town Sunday last.

We are glad to hear that Harry is again able to step on the gas himself.

We did not notice the blue car on Sunday. Its not the road's fault.

She—Say Ross can you drive with one hand.

He—Shure thing.

She—Alright then, have an apple.

Mr. and Mrs. Earl Klink spent Sunday with Mrs. Klink's sister at Brooks.

W.C.T.U.

The fourteenth Annual Convention of the Central Alberta District, Women's Christian Temperance Union, was held in the United church, Oks, Alberta, on Tuesday and Wednesday, May 4th and 5th, 1926.

There were seven delegates from Didsbury Union and two from Jutland, all reported a profitable time spent there.

The first afternoon session a number of reports were given and two worth-while papers. When this session adjourned cars were there to take us for a drive. We were conducted through the Olds' Christian Home by Mrs. Woods, after a short conversation with Mr. Woods. The happy faces of the children were proof of the success of the home.

A banquet was given us, that evening in the United church at 6.30 by the Olds W.C.T.U. About sixty were seated at the prettily arranged tables and partook of the bounteous repast.

Tuesday evening the friends had arranged a good program and Mrs. L. C. McKinney, provincial president in her own inimitable way, presented her news of the present situation. "Never before," she said, "did we need clearer thinking than we do today. In time of a campaign, man people will help for the time, but it is in between the campaigns

Time for Paint-Up

A new coat of Paint pays for itself many times over. It not only brightens up the building, but adds to its life considerably.

But Get the Best.

TEN THOUSAND BARREL GUSHER IN KEVIN-SUNBURST FIELD

The Fulton-Byrne No. 12 well came in last week with an estimated production of 10,000 barrels per day. This is the largest well so far, in this field.

Geologist Howard states that the Didsbury Sunburst lease is on the same structural contours as the above mentioned well.

DIDSBURY SUNBURST NO. 1 SPUDDER IN MONDAY—"WE'RE OFF."

Driller Elliott estimates will require from 15 to 20 days to complete well.

ONLY A SMALL ALLOTMENT OF STOCK LEFT.

Westcott.

Mr. and Mrs. I. E. Scott spent Sunday last at Carl Russell's.

Messrs Frank and Howard Good and Eva spent Sunday last at Mr. T. A. Murphy's.

Mr. Jess Tuggle and Mr. Norman Tuggle spent Sunday last at Mr. John Tittsworth's.

The Snyder family spent Sunday at Rennie's.

Mr. Ben Kershaw was seen in the district on Sunday.

Mr. H. O. Levagood spent Tuesday in Calgary on business.

A number of young folks, including Messrs Harry and Floyd Steckley, H. Brown and the Misses Thelma Levagood, Viola Steckley, Genevera Brown, and Mr. and Mrs. H. D. Brown spent Sunday at H. O. Levagood's.

The Minstrel Troupe met at the school on Saturday night last and arranged another "dark" program. They say it will be much better than the first one given, and is to be put on in the Opera House at Didsbury on Friday, June 4th. The proceeds to go towards the piano fund.

Miss Ethel Klink and Mr. and Mrs. E. Parker spent Sunday afternoon at Robinson's.

Miss Jean Brawne and friend motored to Crossfield on Sunday.

We notice John Bode all smiles lately.

The Dominion Budget

While naturally there will be differences of opinion in regard to details of the Budget presented to Parliament by Hon. J. A. Robb, it will, taken as a whole, be acceptable to the people of Canada as constituting the first substantial measure of relief from the burden of taxation imposed upon them by the war, something which a few years ago it seemed would not be enjoyed by the present generation.

The chief reduction in taxation is that resulting from the changes in the Income Tax. These changes are so arranged as to bring the greatest measure of relief to those in receipt of the smaller incomes. It is estimated that about one-third of all people formerly paying taxes on earned incomes will now be entirely exempt, while decided reductions are made in the case of those who will still have something to pay. The reduction in the case of those whose incomes are largely derived from investments and dividends will not be so material.

The celebration of next Dominion Day by a return to the old two-cent postage rate means a saving to each individual Canadian. It may not mean much to the casual letter writer, but it is an important contribution to the more economical conduct of business. Furthermore, it is doubtful if it will mean any considerable reduction in postal revenues inasmuch as many business houses will again revert to the sealed letter at two cents postage instead of relying so largely on unsealed circular letters at the one-cent postage rate, but who found the three-cent rate prohibitive where large numbers of letters were involved. Nevertheless it cost the post office department just as much to handle the unsealed circular as it did to handle the sealed one.

Public discussion of the tariff changes centres almost exclusively on the lowering of the duties on automobiles of the cheaper types. The immediate effect has been a reduction in automobile prices, welcomed by the public generally, but which some automobile manufacturers insist means the closing of Canadian factories because they cannot compete with those in the United States. This remains to be seen, because no less an authority than Henry Ford states that his firm can manufacture just as cheaply in Canada as in the United States, and that they have been getting higher prices in Canada simply because it was possible to get them by reason of tariff protection. The tariff reductions may mean a smaller profit per car to the manufacturer, but, according to Mr. Ford, cheaper cars means more cars sold, and the more cars sold, the larger the manufacturers' profits. Further, up to a certain point, the more cars manufactured, the lower the cost of manufacture per car.

Aside from the relief occasioned by the Budget reduction in taxation, people are interested in learning what national developments have taken place to make these reductions possible. Apparently there are two main factors.

In the first place, there has been a notable improvement in business conditions throughout the Dominion, with a large increase in the trade of the country, increased industrial activity, and a lessening in unemployment. The bountiful crops of last year were largely instrumental in effecting this improvement. As a result, government revenues have been substantially increased, thus assisting to make tax reductions possible.

The second main factor is the decided betterment in the finances of the Canadian National Railways. A few years ago this system was national in name only. It consisted of a lot of separate railways, several of them more or less at loose ends, and the services being provided were a subject of sharp criticism and even ridicule. Now, under Sir Henry Thornton's management, the various lines have been co-ordinated and consolidated in a truly national system, and the services provided compare favorably with the best on the continent. The confidence and patronage of the public has been gained, the result being that whereas a few years ago the railway was not even earning its operating expenses, and the Dominion treasury was called upon for sixty to seventy million dollars a year to meet deficits and interest charges, last year there was a large surplus on operation, making it necessary for the Government to advance only a tenth of the sum previously required to meet interest charges.

The removal of this enormous drain on the treasury enabled the Government to reduce the burden of taxation on the people as a whole. A continuation and further expansion of business means larger direct revenues to the Government, but it also means increased traffic for the railways and a still greater betterment in C.N.R. finances. The figures for last March show that not only is the betterment being maintained, but increased, net earnings for that month showing an increase over a year ago of over two and a half million dollars, or 156 per cent.

The sum and substance of the whole matter is that the people of Canada are working out their own salvation, and by hard work, the solution of their problems, and real determination are putting Canada on its feet.

Children Cry for

Fletcher's
CASTORIA

MOTHER:—Fletcher's Castoria is especially prepared to relieve Infants in arms and Children all ages of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.

To avoid imitations, always look for the signature of *Dr. H. H. Fletcher*. Absolutely Harmless—No Opiates. Physicians everywhere recommend it.

Status Of Canadian Children

Have Very Best Chance Of A Square Deal

A square deal for every child, according to a contemporary, would help the world to go around.

But there was never a time in the world's history when, and there never was a country where, the child had a better chance of a square deal than the present time and our own country. The very fact that individual cases of the abuse of children attract so much attention is in itself significant. The present status of the child under our law is an evidence that there is such a thing as progress in civilization.—Woodstock Sentinel-Review.

Claims A New Record

St. Louis Post-Dispatch Recently Issued Eighty-Four Page Paper

With an eighty-four page issue the St. Louis Post-Dispatch established what it declared to be "a new high world's record for a regular weekday issue of any newspaper published in any of the leading cities of the world." Heavy retail advertising was the reason for the unusual size. One department store took sixteen pages. The Post-Dispatch's previous record for a regular weekday edition was seventy-six pages last Oct. 23.

RHEUMATIC PAIN AND THIN BLOOD

Liniments of No Avail—The Trouble Must Be Treated Through the Blood

The most a rheumatic sufferer can hope for in rubbing something on the swollen, aching joints is a little relief and all the while the trouble is becoming more firmly rooted. It is now known that rheumatism is rooted in the blood, and that as the trouble goes on the blood becomes still further thin and watery. To get rid of rheumatism, therefore, you must go to the root of the trouble in the blood. That is why Dr. Williams' Pink Pills have proved so beneficial when taken for this trouble. They make new, rich blood which expels the poisonous acid and the rheumatism disappears. There are thousands of former rheumatic sufferers in Canada, now well and strong, who thank Dr. Williams' Pink Pills that they are now free from the aches and pains of this dreaded trouble. One of these is Mr. Robt. A. Smith, Mersey Point, N.S., who says:—"Some years ago I was attacked with rheumatism, which grew so bad that I could not walk and had to go to bed under the doctor's care. It is needless to say that I underwent a great deal of suffering. The doctor's medicine did not seem to reach the trouble, so when I was advised to try Dr. Williams' Pink Pills I did so, and after taking them for some weeks I was able to get out of bed. I continued using the pills and was soon able to work, and I have not been troubled with rheumatism since. In other respects also I derived a great deal of benefit from these pills and I think them a wonderful remedy."

Dr. Williams' Pink Pills are sold by all medicine dealers or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Sleepless Race Possible

People Could Gradually Eliminate Sleep Says Physician

We are told that too much sleep may be harmful, deadening the activities of the mind and body. A physician who has been studying the mystery of sleep, has gone so far as to advance the theory that it may be possible to develop a sleepless race. He declares that eventually we may eliminate sleep by scaling it down gradually and getting accustomed to going without it. A way to do this, he suggests, is to reduce our sleep five minutes every two months. At the end of sixteen years, provided we start at eight hours a night, "the stupor of sleep would be banished if it could be."

Limit Earnings To \$20,000

No one in France is permitted by law to earn more than \$20,000 a year. Such is the surprising and perhaps unforeseen consequence of the taxes and surtaxes voted by parliament this year in an attempt to restore the nation's finances.

Many Unsafe Drivers

"Some men," says the Chicago Journal of Commerce, "never can be safe drivers because they are unable to react quickly and correctly to the unexpected event." Nevertheless, they are driving cars.—Detroit Free Press.

Use Minard's Liniment in the stables

W. N. U. 1627

Let Tanlac restore your health

If your body is all fagged-out and run down, if you are losing weight steadily, lack appetite, have no strength or energy—why not let Tanlac help you back to health and strength?

So many millions have been benefited by the Tanlac treatment, so many thousands have written to testify to that effect that it's sheer folly not to make the test.

Tanlac, you know, is a great natural tonic and builder, a compound, after the famous Tanlac formula, of roots, barks and herbs. It purges the blood stream, revitalizes the digestive organs and enables the sickly body to regain its vanished weight.

You don't need to wait long to get results. Tanlac goes right to the seat of trouble. In a day or so you note a vast difference in your condition. You have more appetite, sleep better at night and the color begins to creep back into your washed-out cheeks.

Don't put off taking Tanlac another precious day. Step into the nearest drug store and get a bottle of this world-famed tonic. That's the first important step back to health and vigor. Every day's delay means unnecessary suffering, for Tanlac starts to clean out and june up the system right away. And

Mother Thanks Tanlac for Daughter's Health

"Kathleen (17) was nervous and run-down, easily exhausted and had no desire for food or company. The only medicine that helped her was Tanlac. It built her right up, and now she's bubbling over with vigorous health and spirit; enjoys food and company like a child."

Mrs. G. Baker
12 Earl St.
Kingston, Ont.

by acting promptly you will avoid further loss of energy and weight due to your present run down condition. Take Tanlac Vegetable Pills for constipation.

First Woman Decorated With Legion Of Honor

Won Stripes of Second Lieutenant in Early Revolution

Recent bestowals on a goodly number of women of the coveted cross of the Legion of Honor have served to bring to light the first case of its kind.

The first woman to be so decorated was Marie Schellinck, who might be well described as the Molly Pitcher of France. She volunteered in the armies of the Republic in the "year II" of the Revolutionary era, was wounded at the battle of Jemmapes, promoted sergeant and cited in dispatches before Arcola, wounded again at Austerlitz and at Jena. When, in 1808, she came up for decoration, she had conquered the stripes of a second lieutenant.

Girl Was Fast Worker

Packed 32,400 Biscuits in Nine and a Half Hours

Packing biscuits totalling 32,400 in 9½ hours, an English girl of 19, employed by the Shredded Wheat Company of Great Britain established a world's record. She had only been on the job a few weeks. The Marquis of Salisbury, who recently formally opened the company's new factory, congratulated the girl very warmly on her achievement.

An Oil for All Men.—The sailor, the soldier, the fisherman, the lumberman, the outdoor laborer and all who are exposed to injury and the elements will find in Dr. Thomas' Electric Oil a true and faithful friend. To ease pain, relieve colds, dress wounds, subdue lumbago and overcome rheumatism, it is excellent. Therefore, it should have a place in all home medicines and be amongst those taken on a journey.

Some married men wouldn't object to playing second violin if the orchestra to which they belong gave only private performances.

Usefulness Of Printing Press

Work Has Extended to Production of Floor Rugs

The art of printing is not limited, it would seem, to the printing of paper. The usefulness of the printing press has now extended to the production of floor rugs. Many bronze and copper rolls are in service to print carpets, oilcloth, blankets and even silk materials.

Not a Sign of Backache Since

Saskatchewan Lady Took Dodd's Kidney Pills and Her Trouble of Three Years' Standing Disappeared

Mrs. R. Kolaso Was Unsuccessful with all Other Remedies

Willow Brook, Sask.—(Special).—"I have been troubled with backache for almost three years. I have tried all kinds of medicines but they didn't help me at all."

"I sent for some Dodd's Kidney Pills and they did me much good. I have not had a sign of backache since."

This statement comes from Mrs. R. Kolaso, a well known resident of this place. That Mrs. Kolaso's trouble was caused by the kidneys is evidenced by the immediate relief she got.

Weak kidneys are not confined to grown people only. They are too often found in children, sowing the seeds of future ills unless the kidneys are strengthened and put in condition to do their full work.

Dodd's Kidney Pills have been tried and found to be an excellent kidney remedy. They will do you good at once, and, better still, time will prove that the good they do is lasting.

Mr. Bragg.—I suppose you know I'm singing in the church choir now? Patient Friend.—No, I didn't. Mr. Bragg.—But surely your brother Tom told you I had joined the choir? Patient Friend.—Oh, yes, he told me that.

Proved safe by millions and prescribed by physicians for

Colds Headache Neuritis Lumbago
Pain Neuralgia Toothache Rheumatism

DOES NOT AFFECT THE HEART

Safe Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocrotic acid ester of Salicylic Acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

AMENDMENT TO GRAIN ACT MAY BE PUT THROUGH

Ottawa.—After considerable negotiations, a tentative agreement has been reached between the government and the Progressive group on the proposed amendment to the Canada Grain Act.

The government will not make these amendments a government measure, but will undertake to provide facilities for their consideration by the House of Commons. Furthermore, the government will give the amendment independent support and, among Progressives, there is no doubt but that the amendments will be approved in the lower house.

The most controversial provision in the amendments is one that would compel country elevators to guarantee to farmers grade and weight on grain no matter to what terminal elevator it is shipped. Heretofore country elevators have only given this guarantee when the farmer permitted shipment to the terminal elevator selected by the country elevator. However, the growth of the pool has placed hundreds of farmers in a position where they must ship to the pool's terminal elevators. Under these circumstances country elevators declined to guarantee grade and weight.

This amendment will be opposed vigorously by the grain trade.

As business in the house now stands, these amendments will not be reached until after the budget debate is concluded, which will be a week or two at least.

For Closer Trade Relations

Canadian Delegation Attends Trade Convention in Charleston, S.C.

Charleston, S.C.—The National Foreign Trade Council opened its thirteenth annual session here, and after receiving a message from President Coolidge, listened to inspirational speeches by the first delegates Canada has ever sent to the convention.

Flanked by Union Jacks and cheered by the United States delegates, 25 Canadians, led by C. P. W. Schwengers, president of the Victoria, B.C. Chamber of Commerce, presented an appeal for closer trade relations between the two countries.

The "sanity and steadfastness" of the English-speaking people, Mr. Schwengers said, and very little else, now "stand between us and a world of chaos." Recalling the unguarded border-line between Canada and this country, he said it was a splendid lesson to the world.

South Africa's Defence Force

Changes Proposed By Minister Of Defence and Labor

Capetown, South Africa.—Proposed changes in the defence of the Union of South Africa aiming at the creation of an air force capable of striking any enemy force anywhere within the Union was outlined by Colonel F. H. P. Creswell, minister of defence and labor, in the House of Assembly.

Colonel Creswell stated that furthermore when the government's military plans were carried out there would be the certainty of mobilizing 10,000 men and concentrating them within from 72 to 96 hours within a measurable distance of an enemy, and there would be an additional force that would bring the total up to 25,000 men, properly equipped and able to take the field.

Government Takes Elevators

Winnipeg.—A group of fifteen grain elevators, owned by the province of Manitoba has been sold to J. M. Wiley, a grain operator of Winnipeg. It was announced. The sale price was given as \$30,000. The Manitoba Government disposed of 18 of its elevators recently and 41 are still under its control.

Liquor Cripples Mail Delivery

Fort Smith, N.W.T.—Post office officials report that mailing of liquor to Fort Smith last winter crippled the delivery of the ordinary mail. Only a stipulated weight could be conveyed on each trip, and this was taken up by liquor parcels.

W. N. U. 1627

Appointed Arbitrator

MR. JUSTICE W. F. A. TURGEON, of the Saskatchewan Court of Appeal, who has been appointed third arbitrator in connection with the sale of the Saskatchewan Wheat Pool.

Oil Company Charters

Will Be Granted Charters Only Upon Basis of Stock

Ottawa.—Oil and mining companies from Alberta applying for Dominion charters will be granted incorporation only upon the basis of their stock issue having no stated par value, according to an announcement made in the house by Hon. Ernest Lapointe, secretary of state, answering a question by A. U. G. Bury, Conservative, Edmonton East.

Mr. Lapointe stated some of the charters already had been granted and would be sent to the companies. The regulation regarding the value of stock would not apply to these companies.

Shortage Of Farm Help

Demand In Alberta For Men Experienced In Farm Work

Edmonton.—More vacant farm jobs waiting for men to fill them than there were a year ago, is the report from the government employment service. At the moment, says Commissioner Walter Smitthen, there is no means in sight for supplying this demand.

The shortage is in experienced men who know how western farming is done, and newly-arrived immigrants lacking in experience are not in demand. Particularly in the south country, the call is for men western-trained and ready to go to work without being shown.

Britain Will Not Interfere

London.—The British Government will take no action to prevent the disposal of historic manuscripts, art works, and historic buildings to America or other countries, Chancellor of the Exchequer Churchill said in replying to a question in the House of Commons.

Reach Agreement Over Debt

Paris.—A provisional Franco-British debt agreement has been reached, according to Le Temps, by which France will pay £2,000,000 September 30, 1926, and another £2,000,000 on March 31, 1927.

EAST WILL TRY TO SECURE COAL FROM ALBERTA

Toronto.—Representatives of some 25 Ontario municipalities assembled with Premier Howard Ferguson, of Ontario, and Premier J. E. Brownlee, of Alberta, here, unanimously adopted a resolution calling for the appointment of a special committee to make an effort to secure a supply of Alberta coal for Ontario. Urging that the opportunity to develop a national resource presented itself, the delegates asserted that the cause justified governmental subsidy.

That the purchase of Alberta instead of American coal by the province would mean the retention of more than \$150,000,000 a year in circulation in Canada was the opinion expressed by Mayor Thomas Foster, of Toronto, in welcoming the delegates. The city of Toronto, he said, had succeeded in securing a sample of the western fuel during the past winter, and had found it entirely satisfactory.

"We have an inexhaustible supply of coal and sufficient to supply the whole Dominion of Canada for centuries to come," declared Premier Brownlee. "We have an application before the Dominion railway board for a special out-of-pocket rate which would not be fair if we had it all the time, but if we can establish it to bring coal when the grain is not moving and there is rolling stock available it will be a relief for all and a further development."

Provinces Can Fix Minimum Wage

Parliament Only Has Jurisdiction Over Salaries Paid to Government Employees

Ottawa.—W. Stuart Edwards, deputy minister of justice, when appearing before a committee on industrial and international relations of the House of Commons, declared that, generally speaking, the various provinces of the Dominion had the exclusive jurisdiction to legislate in respect to the question of minimum wages.

"The Parliament of Canada," Mr. Edwards, however continued, "has the exclusive legislative jurisdiction to regulate and fix the rate of wages to be paid to the servants or employees of the Dominion Government, wherever they are employed."

Channel Islands Not Exempt

English Death Duties On Property There Can Be Collected

London.—Judging by the answer given by Winston Churchill, chancellor of the exchequer, to a question in the House of Commons, the late Sir Robert Houston, ex-M.P., Liverpool shipowner, undertook a fruitless task if, as suspected, he made the Channel Islands his place of residence with a view to avoiding the imposition of duties on his estate after his death. Sir Robert's possessions were stated to be valued at about £7,000,000. Mr. Churchill stated that he considered there was a good prospect of securing death duties on the whole of Sir Robert's estate, including the portion of it in the Channel Islands.

Mosul Question May Soon Be Settled

Concessions Offered By Britain More Important Than Territory

Constantinople.—Despite diminished optimism among the people generally, Turkish official circles continue confident that the Mosul negotiations will end in an amicable settlement with Britain.

All hope that Mosul will be included in Turkish territory has been abandoned, but the British have promised other concessions which the Turkish leaders consider even more important from a practical, if a less sentimental, viewpoint.

These include a boundary of greater strategic importance than provided for in the Geneva award and the security pact, in which the Iraq Government, backed by Great Britain, undertakes to guarantee Turkey freedom from further menace of Kurdish revolutionary bands and other efforts on the part of the inhabitants of Mesopotamia to create trouble for the Turks across the frontier.

Heads Canadian Press

J. H. Woods, Calgary Herald, Is Re-elected President of Organization

Toronto.—J. H. Woods, Calgary Herald, was re-elected president of the Canadian Press at its annual meeting held here, other officers being as follows: Honorary president, E. H. Macklin, Manitoba Free Press; first vice-president, John Scott, Montreal Gazette, and second vice-president, F. B. Ellis, Saint John Globe. Other directors are: G. Fred Pearson, Halifax Chronicle; Henri Gagnon, Quebec City Soleil; E. J. Archibald, Montreal Star; E. Norman Smith, Ottawa Journal; W. J. Wilkinson, Toronto Mail and Empire; W. B. Preston, Brantford Expositor; A. R. Ford, London Free Press; W. J. Taylor, Woodstock Sentinel-Review; M. E. Nichols, Winnipeg Tribune; Burford Hooke, Regina Leader; and Charles Swayne, Victoria Colonist. J. F. B. Livesey is general manager and secretary.

Rumor Is Denied

Britain Was Not Asked to Conduct Wireless Telephone Experiments With Canada

London.—In reply to a question in the House of Commons, Sir William Mitchell Thomson, postmaster-general, denied that Australia and Canada had asked the post office to conduct experiments in wireless telephone communication and that the post office had refused. He said it was impossible that the request could have been made as there were no stations in Australia or Canada suitable for conducting the experiments.

To Follow Paths of Peace

Berlin.—Chancellor Luther, speaking to industrial and commercial representatives, said that Germany was determined to follow the paths of peace and that the Russo-German treaty represented progress in this regard.

Manufacturers to Meet

Toronto.—The 55th annual meeting of the Canadian Manufacturers' Association will be held in Toronto, June 8, 9, and 10.

LIVELY DEFENCE OF GOVERNMENT AND THE BUDGET

Ottawa.—Hon. Dr. King, minister of public works, entered the budget debate with a speech in which he warmly defended the government against charges of having injured Canadian industry. He cited the manufacture of agricultural implements. During the last five years, said Dr. King, imports of agricultural implements had decreased, while exports of Canadian agricultural implements had increased. Dr. King did not think that members need be much disturbed because certain automobile manufacturers had made arrangements to close their plants the day the budget was brought down. The real purpose of the closing down—Dr. King proceeded—was to make a demonstration, and an unfair demonstration, against the government.

Col. James Arthurs, Conservative, of Parry Sound, compared the government to an automobile with a slipping clutch. He advocated a policy of advertising to attract tourist trade to Canada.

Debate was continued by S. G. Tobin, Liberal, of Wetaskiwin, and by Hon. Dr. Edwards, Conservative, of Frontenac-Addington. Dr. Edwards described the minister of labor as a brave man to enter a "cabinet of derelicts." He spoke of United Grain Growers, Limited, as the "most conscienceless, cold-blooded, profiteering monopoly" in the country.

Women Honored For Bravery

Two Rewarded by National Lifeboat Institution of England

London.—Two women, representing 35 others who launched a lifeboat and braved the terrors of a wild winter night, have been honored by the Royal National Lifeboat Institution.

Miss N. Stephenson, daughter of the coxswain of the lifeboat at Boulmer, Northumberland, and Mrs. B. Stanton, wife of the second coxswain, received from Lord Foster the thanks of the committee of the institution, inscribed in vellum. The tribute was for their gallantry on the night of December 20, when they, with other women, dragged a lifeboat a mile and a quarter in the face of a blizzard and then stood by to launch her.

In March, 1924, the women also distinguished themselves, on that occasion being up to their waists in water in rescuing a shipwrecked crew.

Another Gold Shipment

Further Two Million Received in Canada From U. S.

New York.—The current gold movement to Canada has been further extended with a shipment of \$2,000,000 by the Canadian Bank of Commerce, a total of nearly \$15,000,000 since the rise in the rate of Canadian exchange to 11-64 of one per cent. premium.

Continuance of the premium rate is expected in Wall Street to attract to Canada much of the \$66,000,000 in gold that came to the United States early this year.

Revolt During Peace Parley

Riffians Fire on French Soldiers and Several Killed

Oudjda, French Morocco.—While French and Spanish delegates were discussing disarmament and other terms with the Riffians to bring peace to Morocco, the tribe led by Beni Mes-tra, who has been accepting French rule, suddenly revolted and opened an offensive on the French.

Several French soldiers were killed and wounded and quiet was only restored after the French had opened fire with artillery.

Trade With the Orient

Vancouver.—That the recent improvement in Oriental trade is in no way imaginary is proved by the heavy cargoes carried by the last few liners sailing for Japan and China from the port of Vancouver. In fact the recent partial recovery in the volume of business being done with China is viewed by local merchants as a sure sign that the country is coming back to normal.

Here are Twenty-Nine Reasons Why Japanese Was Voted Most Beautiful Lady

During a contest held on board the Canadian Pacific liner Empress of Scotland, making the world cruise, to decide on the most beautiful trees, mountains, views, harbors, countries, streets and human beings, the virtually unanimous verdict on the final question was that the Japanese lady was the most beautiful and the most charming.

Here are twenty-nine arguments in support of the opinion of the Empress of Scotland's passengers. They are the geisha girls, dainty singing and dancing entertainers of Japan, who performed at the Shotokwan Theatre, Beppu, for the travellers during their visit to that port on the 1925-26 World Cruise.

How Parks are Financed.

In the current issue of the Western Municipal News, an interesting article appears relating to tree-planting and town parks.

From the town of Davidson, for instance, the Mayor, Mr. Coape-Arnold, writes and gives an account of what has been accomplished there.

"We find (he says) that our park is a great incentive for people to improve their property. They copy from it and plant such trees and shrubs as they know will grow in our district after having actually seen them. At our annual sports day, July 1 last, we invited the people to bring their lunch baskets and make use of the shade trees in the park and on the lawns, and over three hundred people took advantage of our offer.

"The financing of this form of improvement is not difficult. Most towns employ a general utility man who can keep the grounds in good order if given encouragement in the way of extra remuneration, from about the first of April to the end of September in each year. Trees, shrubs and plants can be paid for together with the man's work from a park fund. This fund we obtain by holding an annual concert in January of each year. The net proceeds of this concert have been about \$225 per annum. Now, if one pays the utility man an extra \$15 per month for the six months as above, there will still be \$135 for planting out. This is ample for a Park of this size, so that the park need not cost the ratepayer anything other than the original outlay, and most towns own sufficient property which can be used for this purpose.

"Last year we placed a number of seats in the grounds and found that they were much used during the summer months. They were paid for by a lawn social arranged by the wives of the councillors, and held in the park one afternoon.

"Berry-bearing shrubs, such as the flowering currant, honeysuckle and elder, should be planted, and if these are followed by erecting bird houses for the wrens and robins, many birds will be induced to remain in the grounds all season. We put up eight bird houses and seven were occupied last summer by robins and wrens. These birds are continually at work keeping down the many caterpillars, borers and aphids which are now found in most treed parts of Saskatchewan."

The St. Eloi W.I. will hold a dance in the Elkton school, Friday, May 28th, with the McCleavy orchestra in attendance.

The C.G.I.T. wish to take this opportunity of thanking all those who so generously helped to make their tea a success.

Owing to the change in the Didsbury half holiday from Wednesday to Thursday, the Westcott sports which were announced a couple of weeks ago to be held on July 14th, have been changed to Thursday, July 15th.

Fishing at the Fallen Timber and in the Little Red is reported to have been exceptionally good over the week-end. We have been told of the landing of some particularly fine trout by one party, another hooked a big pike, whilst Geo. Smith brought home a very nice dish of suckers.

The Westcott Minstrel Troupe have arranged a new program which will be presented at the Didsbury Opera House on Friday, June 4th, at 8.30 p.m. The 18 players of this troupe have packed as much clean amusement into their two and a half hour program as it is possible.

Attention is drawn this week to the change in time on Saturday, May 15th, at the Opera House. Only one show commencing at eight o'clock. Read the advt. in this issue for further particulars.

Jas. Burns suffered six paralytic strokes on Sunday night, and for a short time his condition was serious. He improved however, later on, and mainly through his fine courage and spirit of endurance rallied to a wonderful degree and is now as fresh as ever.

John F. Miller, eye sight specialist of 404 Underwood Block, Calgary, will be at the Rosebud Hotel in Didsbury on Friday, May 21st. Tell your neighbors he is better equipped than ever.

Mr. and Mrs. Bennett and Mr. and Mrs. Ratford motored up from Calgary and spent the week-end with Mr. and Mrs. Leadbetter.

Wm. Mueller with his mother left for Edmonton on Wednesday where the former will receive his B.Sc. degree.

Worthless five-pound notes have been passed at Victoria lately and Chief Ritchie, of the Calgary police, has received word from the coast, warning the public against accepting these worthless documents. It is claimed that they have been passed by a visitor who succeeded in getting rid of fifty of them in Victoria, before suddenly disappearing.

The warning has been broadcast throughout the west, including points in the States, so that further activity by this man is unlikely. Banks are being warned here, and this will no doubt be passed on to merchants throughout the country.

Didsbury Liberals Meet

The Didsbury riding Liberal convention, says a despatch from Drumheller, will be held in Eagle Hall, First street west, Calgary, Monday afternoon, May 17 at three o'clock.

Joseph Shaw, leader of the Provincial Liberal party will address the convention, while Jesse Gouge of Drumheller, will also deliver an address. President J. B. Anderson of Drumheller, will preside, while the secretary, Joseph McKenna of Drumheller, is attending to all details in connection with the convention. C. E. Reiter of Didsbury, vice president of the association, will head a large delegation from the Didsbury end of the riding. The delegates will attend the banquet being tendered Mr. Shaw at the Hudson's Bay Elizabethan rooms on the evening of their convention.

Many names have been mentioned in connection with the Liberal candidature for the Didsbury riding. Jesse Gouge has been pressed by numerous friends to enter the Provincial arena. George Webber, the Liberal candidate in the last provincial election, who made a very creditable run against Mr. Claypool, intends to be at the convention, but will not contest convention.

A. H. McDonald, the grand old Liberal of Grainger, and one of the best known and popular residents in the riding is also being pressed by his friends, while another possible candidate is Joseph J. Greenan of Carbon, the well known solicitor and active Carbon Liberal. Either Mr. McDonald or Mr. Greenan would make a very strong candidate.

ESTRAY.

Local Hog Ranch Has Over 1100 Stock.

Occupying a piece of land of over seven acres in extent, the hog ranch situated south of town, belonging to S. R. Williams of Calgary and A. R. Kendrick of Didsbury, known as the Didsbury Feeding Co., is said to be the second largest in the province of Alberta. At present there are 1162 hogs on the premises, and on Friday when our representative visited the ranch, Mr. Kendrick, with the assistance of Mr. Ruby, the forman, and D. Lamont was busily engaged in putting these animals through the dipping vat, a process some of them seemed somewhat averse to. The food is stored in three granaries, each capable of holding 2500 bushels, and from these it is taken to the covered sheds where automatic feeding bins extending the full length of the buildings are kept constantly replenished. We are informed that it has been found necessary to keep on hand always about 10,000 bushels of grain.

The company has also taken over an additional thirty-four acres which will be seeded to grasses, etc., for pasture. It may surprise many to hear that the company uses on an average about 7,000 lbs. of barley and oats a day, thus furnishing a good market for our local farmers.

A constant and ample water supply is gained at the ranch by connecting up with the overflow from a well the property of the Crystal Dairy, which after flow-

EDMONTON FACTORY BURNS.

Edmonton, May 10

The Great West Garment Company plant, one of the most pretentious of Edmonton's industries a three-story building, located at the corner of 92nd street and 103 avenue, Monday morning, was a mass of smoking ruins as the result of a fire which broke out in the basement at 3 a.m. Three hundred and eighty-five employees, mostly girls and young women, are out of employment, and the stock, valued at \$450,000, is nearly all destroyed. The building itself is badly gutted but the brick walls and a portion of the second floor is intact. Spontaneous combustion is given as the cause. Officials of the company said this forenoon that the loss is in the vicinity of \$400,000, and is covered by insurance.

ing through a tile drain is diverted at the outlet and run into a large tank near the buildings, where a valve regulates the supply. All the piggeries are furnished with a long trough, through which a stream of water is constantly passing, thus ensuring the animals a constant and fresh supply of water throughout the day.

In all there are five large yards where the hogs are placed according to grade, and if one happens to fall sick he is placed in a section set aside for that purpose.

At the time of our visit, there was a fine bunch of thirty-one Tamworth brood sows that had just arrived from Olds. Another shipment received a little earlier in the week from Gleichen included 256 young pigs, all apparently in the best of health and enjoying the change immensely. When it is deemed advisable to make a shipment from the ranch, the hogs are placed apart in a separate yard, whence driven into a confined space on to the scales, where they are weighed before being sent out.

It may be added that the location of this ranch is an ideal one. A gentle slope gives a fine drainage into the coulee, and a steady stream of water is flowing through all the time.

The yards are now about to be re-ploughed and the buildings this week will receive their periodic coat of whitewash.

During the past year the company has grown, fattened and disposed of three thousand hogs, at an average weight of between 205 and 210 lbs.

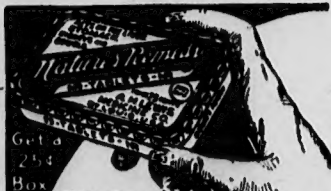

Mr. Kendrick assures us that anyone who cares to do so is always welcome to inspect the buildings and system generally.

WORLD HAPPENINGS BRIEFLY TOLD

King George has become a patron of the rebuilding fund for the Shakespeare Memorial Theatre at Stratford-on-Avon, recently destroyed by fire.

Emile H. Sharteni, Egyptian engineer, is in Canada from Cairo to help establish direct trade link between the Dominion and the near east.

The agreement effected in 1922 with Canada, covering flights of aircraft between that country and the United States has been extended until April 30, 1927.

Speaker Lemieux in the House of Commons announced that a bust of Lord Durham had been received by the government as a gift from Mr. St. Loe Strachey, of London, England.

The total catch of sea fish on both coasts of the Dominion during the months of March was 18,274,700 pounds valued at \$99,781. It has enhanced value of \$57,323 over the month of March, 1925.

"Moral turpitude" is removed from the United States Immigration Act, as far as deportation is concerned, under the terms of the new deportation bill reported by the house committee on immigration.

Stomach Cramps Yield to "Nerviline"

When doubled up at midnight with cramps you don't feel like experimenting; what you want is something to remove the cramp. Nothing acts so effectively as Nerviline. Take twenty drops in a little sweetened water, and quick as wink the cramp is gone. Nerviline is about five times as strong as most medicines, and because so strong, only a small dose is required to give instant effect. For stomach, gas, fermentation, cramps, etc., Nerviline should be kept in every home. For sure protection, get "Nerviline" today. 35c at dealers.

Grain For Italy

The largest shipment of grain yet made from the grain elevator at Halifax and the first ever to be made from that port to Italy, left recently on the steamer Afghanistan, which carried 308,000 bushels for an Italian port.

The Care of Her Baby Weighs on the Energies Of the Mother

—The Shaw Studio

Hamilton, Ont.—"After one of my children came, my health was very poor. My nerves were so bad I could not sleep—would walk the floor nearly all night long. I was so weak I could not do my work. I suffered from back-aches and pains in my side. I was just a physical and nervous wreck, but after I took a few bottles of Dr. Pierce's Favorite Prescription my nerves were completely restored, I grew strong and well and was able to do my housework. I never had any more trouble—was just fine."—Mrs. Wilfred Bendell, 123 Bay St., North.

Just ask your nearest druggist for this Prescription of Dr. Pierce's in tablet or liquid form.

Huge Tower For Leipzig

One Being Erected Twice as High as Eiffel Tower

The city of Leipzig, Germany, is erecting a steel tower, 1,950 feet high, about twice as high as the Eiffel Tower in Paris, which is to serve as a generator of electric power and as a wireless station. The cost of the tower will be about one million dollars. It is said that Berlin is considering the question of building a similar tower.

BEAUTIFY IT WITH "DIAMOND DYES"

Just Dip to Tint or Boil to Dye

Each 15-cent package contains directions so simple any woman can tint soft, delicate shades or dye rich, permanent colors in lingerie, silks, ribbons, skirts, waists, dresses, coats, stockings, sweaters, draperies, coverings, hangings—everything!

Buy Diamond Dyes—no other kind—and tell your druggist whether the material you wish to color is wool or silk, or whether it is linen, cotton or mixed goods.

1246

The New Costume Blouse

Fashioned of a lovely printed and bordered material is this over-blouse of Russian influence that is almost a dress, so long in length is it. Fine tucks define the hips, and create just enough fullness to give the new blouse effect at the sides. Note the smart arrangement of the tie collar at neck, and front opening back to form a V. A sleeve extension is joined to the kimono shoulders and gathered into bands at the wrists. No. 1246 is in sizes 34, 36, 38, 40 and 42 inches bust. Size 36 bust requires 2 1/2 yards 40-inch all plain material, or 2 1/2 yards 54-inch bordered material as illustrated. Price 20 cents.

The secret of distinctive dress lies in good taste rather than a lavish expenditure of money. Every woman should want to make her own clothes, and the home dressmaker will find the designs illustrated in our new Fashion Book to be practical and simple, yet maintaining the spirit of the mode of the moment. Price of the book 10 cents the copy.

ON THE AIR

What is Doing in the World of Radio

While listening in at Battle Creek, Mich., Paul Stevens, 20, heard over the radio that his uncle had left him a fortune.

Since the radio broadcasting stations quit announcing the names of persons who wrote or telegraphed to them, the "fan mail" to broadcasters has dropped off heavily at Chicago.

The landscape-loving motorist whose view of wooded dells is obscured by billboards may find a fellow sufferer in the radio fan beset by radio advertising, whenever he turns the dials of his receiving set.

Proposals to broadcast the House of Commons debates have been likened to soap-box oratory by many Conservative members of the British Parliament who have put themselves on record as being against the introduction of the microphone.

An interesting record in long distance radio reception on a moving train has been established by the Continental Limited, the transcontinental express of the Canadian National Railways, in picking up and holding for 30 minutes a broadcast from Vera Cruz, Mexico.

Twelve radio "mikes" have been installed in the freight yards of the Illinois Central Railroad, Chicago, and the system, with other improvements, has reduced the switching force from 288 men to 27 men. The "mikes" are connected to a universal loud speaker circuit, so that orders and responses of each of the ten switch-towermen, the train dispatcher, and the scale-master are audible to all twelve.

Miller's Worm Powders do not need the after-help of castor oil or any purgative to complete their thoroughness, because they are thorough in themselves. One dose of them, and they will be found palatable by all children; will end the worm trouble by making the stomach and bowels untenable to the parasites. And not only this, but the powders will be certain to exert most beneficial influences in the digestive organs.

Japan Surprises Naval World

Japan has sprung a surprise on the naval world. She is building four cruisers, which, although smaller and cheaper than the 10,000-ton Washington treaty ships, are formidable fighting units, according to Hector Bywater, a leading naval critic.

An Oil that is Prized Everywhere

Dr. Thomas' Electric Oil was put upon the market without any flourish over fifty years ago. It was put up to meet the wants of a small section, but as soon as its merits became known it had a whole continent for a field, and it is now known and prized throughout this continent. There is nothing equal to it.

Will Drill For Oil

It is understood that a British syndicate will drill for oil in the far north on the shores of Lesser Slave Lake. Lady Rhonda is mentioned as the principal financial backer.

Mothers can easily know when their children are troubled with worms, and they lose no time in applying a reliable remedy—Mother Graves' Worm Exterminator.

Customer: Charge it, please.

Clerk: We do a strictly cash and carry business, madam.

Customer: Sure, and I'm asking you to carry me for a couple of days.

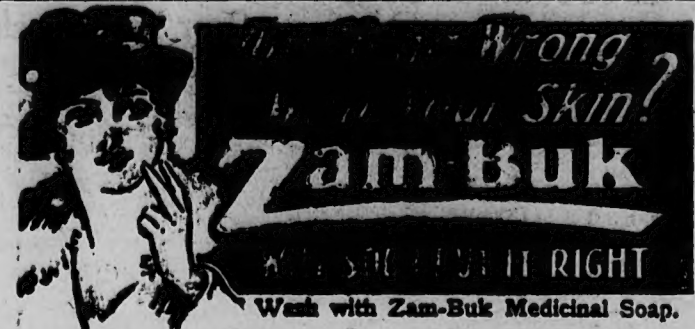

Self-Poisoning Takes Huge Toll

Many Fail in Life Through Sheer Neglect of Fundamental Rule of Health

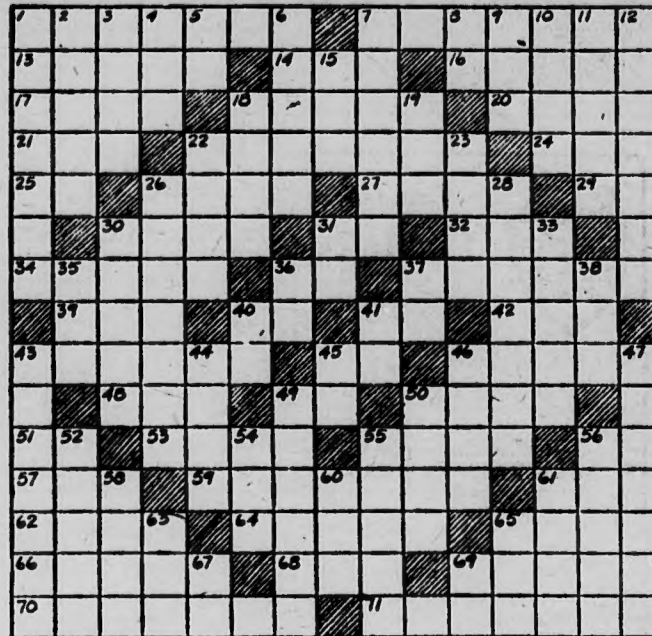

Thousands of men and women are to-day victims of their own neglect. Grouchy, listless, quickly tiring, suffering from headaches and biliousness, they spend enormous sums in medicines without avail. They would give much to regain their old vitality.

Can it be done? Yes! How? Simply by recognizing the importance of one fundamental rule of health—the proper elimination of the bowel contents. Poisons that are allowed to remain in the system quickly lower the stamina, weaken the nerves and thus pave the way to ill-health. Stop this self-poisoning by taking Nujol—the scientific lubricant that completes the work of Nature's lubricant when, through modern living conditions, the natural supply fails.

Nujol can be taken indefinitely without injury to the system. Try Nujol to-day. Ask for it at your nearest drug store, but remember there is only one Nujol. Watch for the name "Nujol" in red on the label and package.

OUR CROSSWORD PUZZLE

Horizontal

- 1—To make ready.

SUNDAY SCHOOL LESSON

MAY 9

ABRAM AND THE KINGS

Golden Text: In all these things we are more than conquerors through Him that loved us. Romans 8:37.

Lesson: Genesis 14:1-24.

Devotional Reading: Isaiah 61:1-6.

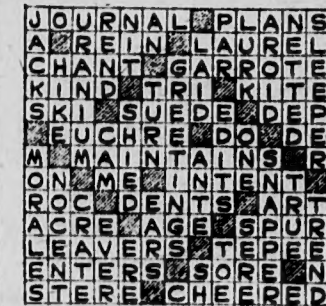

Explanations and Comments

Four Kings War With Five in the Vale of Siddim, verses 1-12.—Read the Historical Background. For twelve years five kings, or chieftains, in the region around the Dead Sea (Vale of Siddim) had been vassals of Chedorlaomer, King of Elam. In the thirteenth year they rebelled and the year following Chedorlaomer undertook a punitive expedition which included the region from Syria to the Gulf of Akaba. With him were associated three other kings, Amraphel, King of Shinar or Babylonia (he is usually identified with Hammurabi); see the Historical Background, Arloch, King of Lassa (on the left bank of the Euphrates in Southern Babylonia) and Tidal, King of Gollim (thought to describe the Gull, a strong nation north of Babylonia).

The invaders attacked and conquered many tribes on their way to the Dead Sea, where they were withstood by the five Canaanite kings of that section, the kings of Sodom, Gomorrah, Admah, Zebolim and Bela. A fierce battle was fought, and the invaders were victorious. The region abounded in bitumen (asphalt) pits (bitumen still floats on the surface of the Dead Sea), and in them the armies of the kings of Sodom and Gomorrah were engulfed. The text says that the kings of Sodom and Gomorrah fell there, but it seems legitimate to understand that it was their armies, not they, for the King of Sodom appears again in verses seventeen and twenty-one. However, it may have been the new king who welcomed Abram, verse seventeen.

Minard's Liniment for backache

Answer to Last Week's Puzzle

The true test of good manners is to be decent to the fellow who isn't as important as you are.

She Could Hardly Do Her Housework Nerves Were So Bad

Mrs. L. M. Parks, Concession, Ont., writes:—"I had heart and nerve trouble, and became so short of breath I could hardly do my daily housework, and was so nervous I could not think of staying alone, as every little sound I heard felt like a shock to me."

I Saw

recommended, so I tried a box, and after taking the second one I am now feeling like a different woman."

This preparation has been on the market for the past 22 years and has achieved a wonderful reputation for the relief of all heart and nerve troubles.

Put up only by The T. Milburn Co., Limited, Toronto, Ont.

Hunting For Crown Of German Queen

Legally Belongs to Prussian Government But Has Disappeared

New clues have been uncovered by Prussian state detectives in the hunt for the \$875,000 jeweled crown of the late Queen Augusta, first wife of Kaiser Wilhelm II., which mysteriously disappeared from the royal palace on Unter den Linden more than three years ago.

The information, police said, virtually established the fact that the beautiful crown was smuggled out of the palace in 1922, and that Princess Hermine von Reuss wore it at Doorn, Holland, when she married the former monarch in exile.

The crown legally belongs to the Prussian Government.

CUTICURA HEALS ECZEMA IN RASH

On Scalp Later on Limbs. Caused Much Suffering.

"I had eczema which made its appearance on my scalp in a rash. It itched terribly and when I scratched it, blisters broke out. Later the eczema broke out on my limbs, which were badly swollen and very red. It kept me awake at night and caused much pain and suffering. When I washed or went near the hot stove it was very painful."

"I read an advertisement for Cuticura Soap and Ointment and sent for a free sample. I purchased more and in two or three months I was completely healed." (Signed) Mrs. Emma C. Gibson, R. 1, Box 71, Island Pond, Vt., Oct. 26, 1925.

Use Cuticura for all toilet purposes. Sample Each Free by Mail. Address Canadian Depot: "Cuticura," Ltd., Montreal. Price, Soap 25c, Ointment 25c and 50c. Talcum 25c. Cuticura Shaving Stick 25c.

to somebody who would share her wonders. As well the chauffeur, who had at least put his telephone number at her disposal, as anyone else.

The man's eyes widened. From the bag, which she held open for him to look into, he looked up into her face—into the face which had returned much of the alertness, much of the taunting challenge, that had made it a baffling ornament to the silk counter. But the man didn't smile with her. Instead, he stiffened into something of the attitude with which he met his employer, the "Old Man."

(To be continued)

Most Expensive Joke

Believed to Have Cost Lord Birkenhead a Fortune

Lord Birkenhead, secretary for India, is credited by the English newspapers with having made the most expensive joke in history.

Birkenhead was once a great friend of Sir Robert Houston, the wealthy shipowner, who died recently at his home on the Island of Jersey. Sir Robert was said to have made a will leaving the bulk of his fortune, estimated as high as £7,000,000 to Birkenhead. The Houston will, which has been probated, however, makes the widow the chief beneficiary, and the papers recall Birkenhead's joke.

When serving as a member of the House of Commons, Sir Robert, in spite of his advanced age, always kept his beard a glorious blackish-blue color. One day he made an ultra-Conservative speech, which displeased Lord Birkenhead, who in private conversation, referred to him as "the only genuine 'dye-hard'."

It was the this play on the "dye-hard," which is applied to the ultra-Conservatives, the newspapers believe, that kept Birkenhead from sharing largely in the Houston fortune.

Little Helps For This Week

Whatsoever thy hand findeth to do, do it with thy might.—Ecc. ix, 10.

Do the work that's nearest, Though it's dull at times, Helping when we meet them Lame dogs over stiles.

—Charles Kingsley.

Few are needed to do the out-of-the-way tasks which startle the world, and one may be most useful just doing common-place duties, and leaving the issue with God. And when it is all over, and our feet will run no more, and our hands are helpless, and we have scarcely strength to murmur a last prayer, then we shall see that instead of needing a larger field we have left untitled many corners of our single acre and that none of it is fit for our Master's eye were it not for the softening shadow of the Cross.—George MacDonald.

An Indication Of Health

Clear Blue Eye Shows Perfect Physical Condition Says Washington Doctor

Clear blue eyes are the best, for they indicate health, in the opinion of Dr. J. D. Levine, of Washington, D.C. Babies and most animals are born with blue eyes, and the color changes, because of some inherited trouble, he said in a lecture here.

The clear blue eye with a silken finish is an indication of perfect physical condition, he said, pointing out that sailors who live outdoors on meagre diets, and the "old country" Irish and the Scandinavian peoples, who live healthy lives, are usually blue-eyed.

Corns cripple the feet and make walking a torture, yet sure relief in the shape of Holloway's Corn Remover is within reach of all.

The Gentle Comeback

At a meeting of directors one man called his opponent an ass. This was, of course, unpardonable and had to be withdrawn.

"Well," said the aggressor, "I'll withdraw what I said, but I still insist that my opponent is out of order."

"How am I out of order," cried the other.

"Probably a veterinary surgeon could tell you," replied the aggressor.

Athens had 400,000 slaves to 100,000 free citizens.

Love makes time fly and time frequently makes love fly.

Need Auto Armistice Day

"More Americans have been killed by automobiles since the World War than were killed in the war. The death list is 223,500. Last year 24,000 were killed, or 2.5 per cent more than in 1924. When are we going to have an auto armistice day? Already the auto death roll is increasing."—Salem (Mass.) News.

NO MEDICINE LIKE BABY'S OWN TABLETS

For Either the Newborn Babe or the Growing Child

There is no other medicine to equal Baby's Own Tablets for little ones—whether it be for the newborn babe or the growing child the Tablets always do good. They are absolutely free from opiates or other harmful drugs and the mother can always feel safe in using them.

Concerning the Tablets, Mrs. John Armour, R.R. 1, South Monaghan, Ont., says: "We have three fine, healthy children, to whom, when a medicine is needed we have given only Baby's Own Tablets. The Tablets are the best medicine you can keep in any home where there are young children."

Baby's Own Tablets are a mild but thorough laxative which regulate the stomach and bowels; banish constipation and indigestion; break up colds and simple fever and make teething easy. They are sold by medicine dealers or direct by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

"There, Monsieur, you see the famous statue of liberty."

"Ah, I see, in America you have adopted the custom of France to erect the statue to your illustrious dead."

A Real Asthma Relief. Dr. J. D. Kellogg's Asthma Remedy has never been advertised by extravagant statements. Its claims are conservative. Indeed, when judged by the benefits which it performs. Expect real relief and permanent benefits when you buy this remedy and you will not have cause for disappointment. It gives permanent relief in many cases where other so called remedies have utterly failed.

Operated like an automobile self-starter, a jack has been invented for raising and lowering cars.

Don't lose all your energy waiting for rich relatives to die.

LEG SORES

ARE CURABLE. If you suffer from Leg Sores or Varicose Ulcers, I will send you **ABSOLUTELY FREE** a copy of my famous book that tells how to be rid of these troubles for all time by using my remarkable painless treatment. It is different from anything you ever heard of, and the result of over 35 years' specialising. Simply send your name and address to Dr. H. J. WHITTIER, Suite 39, 421 East 11th Street, Kansas City, Mo.

Strange, Romantic Love Adventures of the Flapper you know!

Joanna
by H. L. GATES
Copyright 1925 by H. L. GATES
Published by arrangement with First National Pictures, Inc.

CHAPTER IV.—Continued.

With the feel of her first money in her fingers Joanna concluded that she must learn to have an answer for things like that. Men she had known were not gifted at such sonorous phrasings. For the man who said, "You look good to me, sister!" she had her rituals. Something like: "Did you ever win any medals on your eyesight?" She wondered if there were books that taught the things that went with a lot of money.

So, she was silent a little while. But Brandon persisted:

"I shall pay ardent court to you, you know! I shall use all the wiles of the fortune hunter. Perhaps I am first to enter the lists, and you will let me keep my advantage."

She felt that he was playing with her. Yet there was something sententious in his tone. She wished he hadn't come so quickly into her new scheme of things. She was positive that he was a danger; that she didn't like him. She made the only reply she could think of, and immediately knew that it was clumsy; that it didn't match:

"I guess you'd keep any advantage a girl would give you."

"You mustn't be prejudiced against me," he retorted, with elaborate earnestness. "I am your banker's nephew; he will give me a splendid what would you say, a reference?"

"I imagine Miss Manners will want to begin readjusting herself. That will be a more pleasant task than skirmishing with you. She is a young lady of affairs."

TO WOMEN OF MIDDLE AGE

Mrs. Wilson's Experience a Guide to Women Passing through the Change of Life

Hamilton, Ontario.—"I have taken several bottles of Lydia E. Pinkham's Vegetable Compound and I cannot speak too highly of it as I was at the Change of Life and was all run-down and had no appetite. I was very weak and sick, and the pains in my back were so bad I could hardly move. I got very sad at times and thought I had not a friend on earth. I did not care if I lived or died. I was very nervous, too, and did not go out very much. A friend advised me to try a bottle of Lydia E. Pinkham's Vegetable Compound, so I did. I am a farmer's wife, and always worked hard until lately, and was in bed for two months. I began to feel like a new woman after the first bottle and I recommend it with great success, also Lydia E. Pinkham's Liver Pills. I am willing to answer letters from women asking about your medicines, as I cannot speak too highly of them."—Mrs. EMMA WILSON, 471 Wilson Street, Hamilton, Ontario.

Sold by druggists everywhere.

MARRIED VS. SINGLE

The first ball game of the season took place last Friday night between teams representing married and single players.

The married team (or rather the married men) included A. G. Studer, Ward Keith, D. Edwards, A. Stuhl, Bert Fisher, J. McCloy, C. Bellamy, Honey and H. C. Liesemer.

The following comprised the single men—C. Reiber, C. Cook, H. Stauffer, H. Evans, Wyman, W. Stauffer, Robinson, W. Bellamy, H. Metzgar.

For the married men Bert Fisher and Jack McCloy brought off two fine catches, and Ward Keith made a splendid home run. H. Evans made a brilliant catch in left field for the single men, whilst shortly after C. Reiber performed a similar feat in centre. C. Cook, after stealing first, second and third, got home unscathed.

Bert Cressman acted as umpire and gave general satisfaction.

After playing four innings, on account of approaching darkness, the game was called, the score standing 2-2.

Rosebud League Draws 1928 Schedule

The adjourned meeting of the Rosebud League was held in the hotel dining room on Wednesday night, with delegates from seven towns present.

Minutes of the previous meeting were read and adopted. The application of Bowden for admittance was then taken up and passed after considerable discussion, making it a seven team league.

The business of drawing up a schedule was given to a committee and a schedule calling for 24 games for each club, 12 at home and 12 away was agreed upon. The league to start on Friday, May 14th, and finish on August 6th.

Carstairs first game will be in Didsbury on May 14, and the first home game on May 18 with Crossfield.

TV draws for the tournaments at Olds and Innisfail were made and a hearty vote of thanks was given to Messrs Ryan and Burke for the use of the hotel.—Carstairs News.

Thursday

7.15 p.m.—Junior League of Christian Endeavour. Study of Catechism, etc.

8.00 p.m.—Praise and Prayer Service

H. E. Roppel, pastor

Word was just received that Annual Ministerial and Lay Convention of the west is likely to be held in our church, here, between July 1st and 10th/Bishop M. T. Maze will be the presiding officer.

As the painting of the interior of our church building has begun, our next Sunday services will all be held in the Nazarene church at the usual hours 10.30 a.m. and 7.30 p.m. The morning service will be a joint meeting of the two congregations at which the Nazarene pastor, Rev. A. T. Jenner will preach and the Ev. pastor in the evening.

The sympathy of a large circle of relatives and friends is extended to Mrs. Geo. Liesemer who is at present confined to her bed owing to a bad fall on her kitchen floor last Saturday afternoon resulting in a rather serious and painful injury of the hip, though not broken.

Mrs. J. L. Kolbfeisch and son Murrell of Three Hills, Alta., are visitors at the home of Mr. and Mrs. J. V. Berscht at present.

Announcement.

We wish our customers to particularly notice the change of our weekly half holiday which this year will be on THURSDAY of each week, commencing MAY 20th.

POULTRY.

We are still in need of several crates of Poultry. Price 15c. per lb. CASH PAID FOR EGGS.

Subject—"The Witness of the Spirit."

KNOX UNITED CHURCH

Though the thought was born in heaven, it came to the brain and heart of a Philadelphia woman, Anna Jarvis, a few years ago to ask that one Sunday during the year be set apart and known as Mother's day, a day during which special mention of motherhood would be made from the pulpits of the land, in which children away from home would write to their mothers, if they still lived, or in which they would wear the white flower in memory of her if departed. The value of the idea let loose on this continent can never be fully estimated.

Sons and daughters long indifferent to mother's love and sacrifice have been brought back on this day to recognition of their folly and a new conception of a mother's worth.

The minister has announced for Sunday May 16th a sermon pertaining to Spring time.

During the week of May 17th, Mr. Hayes expects to attend the Synod of Alberta which meets at Edmonton.

Large congregations attended Mother's Day services at both Westcott and Didsbury churches. In the afternoon the choir of Knox church took part in the services held in the hall at Jutland. The hall was crowded to capacity. Rev Mr. Hayes took charge of the three services.

Mark Twain at the Opera House.

"Fun with a purpose" is what Mark Twain gave the world in "A Connecticut Yankee in King Arthur's Court," which, presented by William Fox as a reissue film production, will be shown at the Opera House, here, on Saturday, May 15th. Mark Twain wrote this great comic romance first to make the world laugh and second to "show up" King Arthur.

Twain had not a very high opinion of the Knights of the Round Table. He had heard too much about them. Ruskin and William Morris had been feeding the public on the middle ages, and it had become fashion to believe that everybody dead and gone was better than everybody alive. Tennyson's "Idylls of the King" made Mark Twain sick. He was tired of the Middle Ages. Ladies languishing in high inaccessible towers, waiting for knights to come and rescue them, did not appeal to him at all. He had been brought up on the Mississippi, and had the idea that one Mississippi riverman was as good as several of the Knights of the Round Table, and probably a lot better. Sir Galahad he considered a wishy-washy sort of hero; he preferred Tom Sawyer.

"I'll show up King Arthur and this well known knights," said Mark Twain, in effect. So he wrote a book describing the adventures of a modern, smart, clever young American at the Court of King Arthur.

(By request)

Whatever brawls disturb the street
Neighbors should never quarrel,
Dogs delight to bark and bite,
God hath made them so;
But it is a shameful sight to see
Neighbors fall out and chide and fight.

Ball game, Didsbury, Friday.
